Big White

Big White's combination of abundant snowfall, modern village, top quality ski-in ski-out accommodation and first class facilities for children make it one of the world's best resorts for families.

The accommodation is arranged around the Village Centre and the Kids Centre on the resort's main 'street', which you can ski along. The resort has a handful of restaurants that provide good, honest food at sensible prices. Snowshoe Sam's is the bar of choice (famous for their 'Flaming Gun Barrels'). The Happy Valley Adventure Park features tubing, skating, snowmobiling and snowshoeing, and is home to the Kettle Valley Steakhouse.

The trail map doesn't do the skiing justice - the area is much bigger, the runs longer and more varied. Its long rolling cruisers will have you whooping with joy and the steep descents of The Cliff quaking with fear. Beginners are very well catered for and Big White is a superb resort to pick up the fundamentals of the sport and quickly improve.

NEED TO KNOW

- ***Fantastic for families -*** Big White's excellent Children's Centre, located right in the centre of the village, offers a range of ski and non-ski programmes for kids from 18 months to 12 years.
- ***Ski-in ski-out accommodation -*** nearly all of Big White's accommodation is ski-in ski-out. There are both affordable budget units and stunning luxury townhomes. The 'Premium' condos are superb and very good value compared to other resorts.
- ***Good weather -*** mild temperatures and frequent snowfalls provide days of sunshine and plenty of fresh tracks.
- ***Good value for money -*** from accommodation to ski lessons to meals on the mountain, Big White is excellent value for money.
- ***Experience the best of the Okanagan -*** combine Big White with a stay in Silver Star. See ***www.skisafari.com/OkanaganExplorer***

Bullet Creek & Woodcutter Cabins ★★★★

We highly recommend these luxurious log cabins as the ultimate place to stay in Big White. Set amidst snow-laden trees the cabins are built from hand-peeled log posts. They have from 2 to 4 bedrooms, some with a den, and an attractive main living area with a full kitchen, sitting area and dining table. All cabins have a stone fireplace, vaulted ceiling, custom-made furniture and private hot tub. Staying in these cabins is a very Canadian Winter holiday experience.
